

## Snaregade Dining Table, Round

Designer:**NORM.architects**

Manufacturer:**Audo Copenhagen**

£1,300

### DESCRIPTION

**Snaregade Round Dining Table** by **NORM.Architects** for **Audo Copenhagen**.

The Snaregade Table is a stunning blend of elegance and minimalism, with its sleek geometric design. Its thin silhouette adds to its sophisticated look, making it a perfect fit for any space. Not only is it aesthetically pleasing, but it is also durable enough for commercial or private use.

Originally designed for Audø Copenhagen founder Bjarne Hansen's own home, the Snaregade Table was meant to be visually light and space-efficient. Its popularity led to it being put into production. Every piece from Audø Copenhagen has a personal touch, and the Snaregade Table showcases this beautifully, feeling customized for every setting.

The new linoleum tops are both visually and materially appealing, with a sturdiness that makes them a great choice for families with young children or for a restaurant setting.

### DIMENSIONS

Small: 120dia x 73cmh

Large: 138dia x 73cmh

Recommended seating 4 - 5 chairs.

## MATERIALS

The table top is made from either FSC certified oak veneer or Forbo linoleum that is glued onto MDF and cut using a CNC machine. The frame is constructed by welding steel tubes together, and the surface is coated with powder.

Available with linoleum table top in the charcoal colour finish. Also available with wooden veneer table top in black oak or dark stained oak finish.

Base available in black finish
