

BAC Round Table

Designer: **Jasper Morrison**

Manufacturer: **Cappellini**

£2,930

DESCRIPTION

BAC Round Table by **Jasper Morrison** for **Cappellini**.

With a functionalist approach to his work, Morrison has stripped back the Bac table to the bare essentials: four legs, a tabletop and the support required to offer structural integrity. Its plank-like legs define its form, which offers its space a refined yet primal essence.

The understated table is crafted from solid ash and can be completed in a range of handsome finishes; bleached, oak-stained, black-stained, wengé-stained or Shanghai blue.

A modern design suited to a range of interiors, the table is ideal when accompanied by the Bac chair, which can be discovered in the related product section below.

DIMENSIONS

125dia x 72cmh

MATERIALS

Round table with tabletop and base ash veneered in a bleached, oak stained, black stained or blue Shanghai-stained ash finish.

Please see product downloads section for material samples.

Grey feet pads.
