DESCRIPTION

Baguette table by **Ronan + Erwan Bouroullec** for **Magis.**

The Baguette Table is a dining table that seems to float. French designers Ronan and Ewan Bouroullec created the look with a long, slender top fastened to cast aluminium legs that create the illusion of delicacy.

As soon as he graduated from the "Ecole Nationale des Arts Décoratifs", Ronan began working alone, progressively assisted by Erwan, still a student at the "Ecole des Beaux-Arts" of Cergy Pontoise. The two brothers have been working together since 1999. Their collaboration is a constant dialogue, nourished by their single identities and striving towards a common goal.

The marble and slate finish options are suitable for outdoors.
