

14.3 pendant, 2005

Designer: **Omer Arbel**

Manufacturer: **Bocci**

£1,584

DESCRIPTION

14.3 cluster light by **Omer Arbel** for **Bocci**.

Bocci's 14 series globes are formed from articulated cast glass hemispheres with a frosted cylindrical void that houses a low voltage or LED lamp. Individual pendants are visually subtle but gain tremendous strength when multiplied and clustered in large groups.

The light interacts with the imperfections, rifts, bruises and bubbles of the cast glass to make a rich halo of light.

Because cast glass is an organic process - handcrafted and imperfect by nature - each piece produced is unique.

The 14.3 light has three 14 series pendants hanging from a brushed nickel round canopy.

Also available as a **single pendant** or in **chandelier** formation.

For details of full technical specification and installation view 'Product downloads'.

IP30 rated.

DIMENSIONS

Glass spheres: 10.2dia x 10.2cmh

Canopy fitting: 15.2dia

Weight: 5.5kg
