

14s Wall/Ceiling Light

Designer: **Omer Arbel**

Manufacturer: **Bocci**

£373

DESCRIPTION

14s wall/ceiling light by **Omer Arbel** for **Bocci**.

An articulated cast glass hemisphere with a frosted cylindrical void that houses a low voltage or LED lamp. The 14 series sconces are visually quite subtle. The light interacts with the imperfections, riffs, bruises and bubbles of the cast glass to make a rich halo of light.

This light, designed in 2005, is rated for wall and/or ceiling use. They are ADA compliant and IP65 rated; suitable for outdoor and wet locations (such as bath and shower areas).

Highly effective when clustered in random formations along with horizontal and vertical applications.

Because cast glass is an organic process - handcrafted and imperfect by nature - each piece produced is unique. Please note that images are indicative only, and each Bocci 14s light will have its own individual character.

IP65 rated.

DIMENSIONS

10.2dia x 5.1cmh

MATERIALS

Cast glass.

Bulb (**included**): Halogen / Xenon 12V, 10W

LED option available against a surcharge. Please **enquire** for more information.
