

28.1 Single Pendant

Designer: **Omer Arbel**

Manufacturer: **Bocci**

£881

DESCRIPTION

28.1 Single Pendant by **Omer Arbel** for **Bocci**.

Bocci's 28 series pendants, designed in 2005, are made using a complex glass blowing technique in which air pressure is intermittently introduced into and then removed from a glass matrix. The result is a distorted spherical shape with a composed collection of inner shapes, one of which is made of opaque milk glass and houses a low voltage (12V, 20Watt xenon) lamp.

The series 28.1 pendant may be used alone or clustered to create a striking lighting array, in a manner similar to Bocci's 14 series lights.

Available in clear or coloured glass. See coloured glass options in 'Product Downloads'.

Bocci's **28 series configurator** may be used to explore the different combinations of colour and pendants available within the 28 series.

DIMENSIONS

16.5dia x 16.5cmh
Cable length: 300cm

MATERIALS

Blown glass using air pressure.

Additional cable length is available at a surcharge, please **enquire** for details.

Bulb (**included**): Halogen / Xenon 12V 20W,
LED 12V, 1.5W option also available: please **enquire** for details.

IP40.

Please note: This is a CE-approved product and should only be used in countries that accept and adhere to this standard. If used in other countries, it will be the sole responsibility, risk and liability of the customer.
