

28 Cluster Pendant

Designer: **Omer Arbel**

Manufacturer: **Bocci**

£2,644

DESCRIPTION

28 Cluster Pendant by **Omer Arbel** for **Bocci**.

Individual 28 series pendants are made using a complex glass blowing technique whereby air pressure is intermittently introduced into and then removed from a glass matrix. The result is a distorted sphere with a composed collection of inner shapes, one of which is made of opaque milk glass and houses a low voltage (12V, 20Watt xenon) lamp.

28 series pendants, designed in 2005, cluster together in hexagonal shapes, which nestle into one another to create patterns as dictated by the needs of the interior. They may also be used on their own or clustered in an ambient manner similar to their distant cousins the 14.

DIMENSIONS

Individual sphere: 16.5dia x 16.5cmh

MATERIALS

Made from clear cast glass.

Light source (included): Xenox 2600K.

Canopy for 3 and 7 pendants in brushed nickel. The 19, 37 and 61 pendants have a white powder-coated canopy.

The pendants come as standard with 3m of coaxial cable. The cable length for 3 and 7 pendants can be adjusted on site. 19, 37 and 61 pendant lengths are pre-set and are not site adjustable.

The light can be ordered with additional cable length, alternative light source (LED 2500K, 2700K or 3000K) and different canopy finishes. Please **enquire** for details.

Please note: This is a CE-approved product and should only be used in countries that accept and adhere to this standard. If used in other countries, it will be the sole responsibility, risk and liability of the customer.
