Campo d'Oro

Designer: **P Pallucco and M Rivier**

Manufacturer: **De Padova**

£5,104

DESCRIPTION

Campo d'Oro by **P Pallucco + M Rivier** for **De Padova**.

Table with a modular structure. A set of hinges, with three trapezoidal tops, make this table capable of creating different shapes.

Square when closed, by turning the elements the table opens up - composing different shapes until a trapezoidal top is achieved.

A mutable soul with a dynamic character. Campo D'oro is a table that modifies its shape to interpret different needs in the home. The project is just like these fluid, ever-changing spaces. When closed, the table is square in shape, but it opens to create new configurations and ultimately becomes a long trapezoidal surface. That's why it is also the ideal solution for the office, a study and any place that needs flexible furniture able to satisfy the needs of a modern workforce.

DIMENSIONS

Squared dimensions: 140w x 140d x 72cmh

Shape 1: 87w x 70d x 72cmh

Shape 2: 70w x 70d x 72cmh

Shape 3: 53w x 70d x 72cmh

MATERIALS

Base consists of three white or aluminium powder coated structures with steel profiles. Plywood top veneered in white laminate, flush with the structure. Hinges in stainless steel. Adjustable feet.
