

Canteen table XL, 2009

Designer: **Klauser and Carpenter**

Manufacturer: **Very Good and Proper**

£2,120

DESCRIPTION

Canteen table XL by Klauser and Carpenter for Very Good and Proper.

The Canteen range results from a commission that Very Good & Proper received to develop a cost-efficient table solution for the Canteen Baker Street restaurant in London.

The Canteen table XL is quick and simple to put together and easy to dismantle and store. A key design feature of the elegant gravity cast aluminium leg is that it fixes directly to the tabletop eliminating the need for a bracing system.

Inspired by Ernest Race's BA chair and the cast iron brackets that typically support Victorian cisterns, Klauser and Carpenter wanted to apply similar attention to detail to a relatively mundane object.

Please enquire for other sizes available.

DIMENSIONS

Rectangular 220w x 100d x 74cmh

Round 150dia x 74cmh

MATERIALS

Aluminium legs available powder-coated in grey white, unfinished aluminium or graphite.
