DESCRIPTION

Elan EN/5 three-seat wide sofa by Jasper Morrison for Cappellini.

Jasper Morrison graduated from the Royal College of Art and established his first design office in 1986. Immediately after this, he began his lasting and valuable collaboration with Cappellini. Morrison's designs have a distinct, simple elegance which makes them intensely modern - something which remains true for the Elan sofa.

Initially designed over twenty years ago, the Elan Sofa has remained a commercial success, earning its place as one of Cappellini's best sellers. Displaying a strong, yet refined profile supported by a clean-lined metal base, the Elan EN/5 is a timeless sofa with generous seating space.

Its elegant profile of rigid lines includes three feather seat cushions, two larger and one smaller, that offer exceptional comfort. The smaller cushion is displayed in the middle of the sofa and makes for an aesthetically pleasing design feature.

Elan furnishes various renowned public spaces, such as the Whitney Museum and is suitable for households and commercial spaces. It is available in multiple sizes and a diverse selection of upholstery options, allowing for optimal customisation for any room.
