DESCRIPTION

AH601 Outdoor Lounge Chair by **Alfred Homann** for **Carl Hansen & Son**.

Designed by the Danish architect Alfred Homann in 2022, the AH Outdoor series comprises eleven pieces of outdoor furniture united through materiality and a refined design expression.

Homann's signature design style and his penchant for gentle curves are evident in the furniture's handsome design. The wood's joints exhibit a simple yet considered aesthetic, with bars seamlessly blending into the wooden frame, whilst the astute design ensures the furniture is stackable, making it easy to store when not in use.

A seamless blend of clarity, and softness, the furniture embodies a sleek, timeless look crafted from untreated, FSC-certified teak, a hardy wood that patinates gracefully over time. The range can be further customised with optional weather-resistant textile cushions for added comfort.
