AH603 Outdoor Deck Chair by **Alfred Homann** for **Carl Hansen & Son**.

Designed by the Danish architect Alfred Homann in 2022, the AH Outdoor series comprises eleven pieces of outdoor furniture united through materiality and a refined design expression.

Homann's signature design style and his penchant for gentle curves are evident in the furniture's handsome design. The wood's joints exhibit a simple yet considered aesthetic, with bars seamlessly blending into the wooden frame.

A seamless blend of clarity, and softness, the astutely designed AH603 Outdoor Deck Chair offers exceptional comfort, achieved through the considered angles of the backrest and seat.

The range can be further customised with optional weather-resistant textile cushions for added comfort.
