DESCRIPTION

AH604 Outdoor Lounger by **Alfred Homann** for **Carl Hansen & Son**.

Designed by the Danish architect Alfred Homann, the AH Outdoor series comprises eleven pieces of outdoor furniture united through materiality and a refined design expression.

Homann's signature design style and his penchant for gentle curves are evident in the furniture's handsome design. The wood's joints exhibit a simple yet considered aesthetic, with bars seamlessly blending into the wooden frame, whilst the astute design is complete with wheels so you can easily wheel it in or out of the direct sun.

A seamless blend of clarity, and softness, the furniture embodies a sleek, timeless look crafted from untreated, FSC-certified teak, a hardy wood that patinates gracefully over time. The range can be customised with optional weather-resistant textile cushions for added comfort.
