DESCRIPTION

AH604F Outdoor Lounger Footrest by **Alfred Homann** for **Carl Hansen & Son**.

Designed by the Danish architect Alfred Homann, the AH Outdoor series comprises eleven pieces of outdoor furniture united through materiality and a refined design expression.

Homann's signature design style and his penchant for gentle curves are evident in the furniture's handsome design. The wood's joints exhibit a simple yet considered aesthetic, with bars seamlessly blending into the wooden frame. A seamless blend of clarity, and softness, the furniture embodies a sleek, timeless look crafted from untreated, FSC-certified teak, a hardy wood that patinates gracefully over time.

A versatile footstool, the AH604F can be used as an extension to the lounge chair, a side table or a separate seating option. Pair it with the weather-resistant textile cushions for maximum comfort.
