DESCRIPTION

AH901 Outdoor Dining Table by **Alfred Homann** for **Carl Hansen & Son**.

Designed by the Danish architect Alfred Homann in 2022, the AH Outdoor series comprises eleven pieces of outdoor furniture united through materiality and a refined design expression.

Homann's signature design style and his penchant for gentle curves are evident in the furniture's handsome design. The wood's joints exhibit a simple yet considered aesthetic, with bars seamlessly blending into the wooden frame.

A seamless blend of clarity, and softness, the durable AH902 has a classic silhouette that can seat up to eight people. The table is also available with half the length for smaller spaces - see 'Related Products' below.

The AH Outdoor range embodies a sleek, timeless look crafted from untreated, FSC-certified teak, a hardy wood that patinates gracefully over time.
