DESCRIPTION

Embrace Outdoor Table by **EOOS** for **Carl Hansen & Son**.

An evolution of EOOS's indoor Embrace line, initially designed in 2015, the outdoor table maintains a consistent visual theme while utilising solid, FSC-certified, untreated teak for durability in outdoor environments.

Reminiscent of the earlier Embrace designs, this table blurs the distinction between indoor and outdoor aesthetics. Its design draws inspiration from the graceful flight of kites; the wire frame mirrors a kite's tether, with the crossed wooden base acting as the anchor, imparting an illusion of weightlessness.

Meticulously crafted, the circular tabletop comprises 50 individual pieces of solid teak arranged in a timeless daisy pattern, showcasing the epitome of precision.

Pair with the Embrace Outdoor Armchair to create the perfect outdoor dining experience.
