

CH004 Nesting Tables

Designer: **Hans Wegner**

Manufacturer: **Carl Hansen and Son**

£1,103

DESCRIPTION

CH004 Nesting Tables by **Hans Wegner** for **Carl Hansen + Son**.

Produced initially in 1952, the CH004 Nesting Tables are defined by their compact and organic appearance. The design features tapered legs, rounded edges, and subtle curves on the front and rear support, with the tables perfectly proportioned to nest together.

Wegner's unique talent of designing furniture that blends seamlessly with its surroundings while remaining timeless is evident in these tables, which were created to be functional and space-saving - two highly relevant properties today.

The tables are meticulously crafted using classic mortise joints, further enhancing the tables' expression.

DIMENSIONS

Small: 40w x 29.5d x 44.5cmh

Medium: 45.5w x 31.5d x 46.5cmh

Large: 52w x 34d x 48cmh

MATERIALS

A set of three nesting tables made from solid oak, walnut or a combination of the two.

All finishes are available with an oiled finish. Oak is also available soaped and white oil.
