CH337 + CH24 Teak Dining Set 2 Offer by Hans Wegner for Carl Hansen + Son.

To celebrate what would have been Hans J. Wegner's 110th Birthday, a dining set in the teak oil finish will be available for a discounted price. This limited offer is valid until 31 December 2024.

Shop the teak dining set 2 with 35% off, made up of 1 x CH327 Dining Table (248x95cm) and 6 x CH24 Wishbone Chairs with natural cord seat.

This 1962 solid wood dining table has a unique design by Hans J Wegner, featuring soft edges and rounded legs that become narrower towards the floor. The wood grains intentionally follow the length of the tabletop, supported by three rails and two removable legs at each end. With a cross-stretcher and side rails, this table offers stability and ample leg space for seating.

The CH24 chair was designed in 1949 and remains a beloved design of the 20th century. It was Wegner's first design for Carl Hansen & Son, and is known as the 'wishbone' or 'Y' chair for its iconic back shape. The CH24 is constructed using more than 100 separate production stages. Each seat has been handwoven using 120 metres of paper-cord, durable enough to last up to 50 years.

Hans J. Wegner's pioneering work with teak wood in the 1950s and 1960s revolutionized Danish modern design. His use of teak, known for its strength and lively appearance, resulted in elegant dining furniture that is still highly regarded today. This wood complements Wegner's elegant dining furniture and is responsibly sourced from FSC™-certified partners.
