

FK11 Plico Chair

Designer: **Preben Fabricius and Jørgen Kastholm**

Manufacturer: **Carl Hansen and Son**

£2,365

DESCRIPTION

FK11 Plico Chair by **Preben Fabricius and Jørgen Kastholm** for **Carl Hansen + Son**.

When designing the Plico Chair in 1963, Danish design duo Preben Fabricius and Jørgen Kastholm sought to create a chair that takes up as little space as possible when not in use - whilst ensuring not to compromise on comfort. Looking to highlight what other brands and designers often seek to disguise, they created a remarkably simple design, using the highest level of craftsmanship, with visible joints, and beautiful brass fittings.

Available in this low back FK11 version, and a high back FK10 version - the solid oak frame and curved rear legs are shaped for stability. The back and seat, fitted with corresponding cushions, are upholstered in an elegant stitched linen canvas to provide a minimal look and enhanced comfort. The adjustable backrest folds completely and saddle leather armrests complete the design, giving it a distinctive expression full of character.

Available in an oiled oak finish, or a white oiled oak finish.

DIMENSIONS

74w x 85d x 37/74cmh

MATERIALS

Frame made from solid wood and steel. Seat and back cushions use foam and canvas, and the strap armrests are made from saddle leather with brass brackets.
