DESCRIPTION

Embrace modular sofa, combination 2 by EOOS for Carl Hansen & Son.

The Embrace sofa, designed by EOOS in 2021, is a comfortable contemporary modular sofa. Thoughtfully crafted with a distinctive wooden frame and contrasting soft organic materials, the sofa series is a sculptural and practical addition to your home.

"With Embrace, it's the user's definition that counts, not the designer's," say the founders of EOOS, Gernot Bohmann and Martin Bergmann.

The collection is composed of versatile modular units of different lengths, as well as a corner sofa, chaise longue and lounge modules. This extremely flexible sofa system can be tailored to fit any space and living requirements.

Please see product range for the various combinations available. Please enquire here for individual components or to personalise individual configurations.
