DESCRIPTION

CH07 Shell Chair by Hans Wegner for Carl Hansen & Son.

Following mixed reviews upon its original launch in 1963, the distinctive CH07 chair's initial production was very limited. When reintroduced by Carl Hansen & Son in 1998 it soon gained broad public acclaim, demonstrating Wegner's truly visionary design and unique appreciation of the possibilities of woodcraft.

The CH07, also coined 'the smiling chair' is an exceptionally comfortable chair with a floating appearance and strong stability. Featuring an organically curved wing-like seat and reclining backrest that gently supports the body, the elegant silhouette fulfills Wegner's minimalist ideals while maximizing comfort.
