

CH011 Coffee Table

Designer: **Hans Wegner**

Manufacturer: **Carl Hansen and Son**

£1,970

DESCRIPTION

CH011 Coffee Table by **Hans Wegner** for **Carl Hansen + Son**.

The CH011 Coffee Table, designed by Hans J. Wegner in 1954, features a solid tabletop with the grain running lengthwise and four slightly outward-tapered legs that lend an elegant lightness to the table.

The tabletop's simplicity and natural wood surface, which showcases the grain running lengthwise, ensure it is suitable for various spaces. While primarily designed as a coffee table, the narrow width of the table makes it equally ideal as a side table.

The slender outline of the CH011 coffee table communicates a certain lightness and pairs well with almost any sofa or lounge chair.

Available in three heights.
