

CH23 dining chair, 1950

Designer: **Hans Wegner**

Manufacturer: **Carl Hansen and Son**

£764

DESCRIPTION

CH23 dining chair by **Hans Wegner** for **Carl Hansen and Son**

The CH23 is a wooden dining chair with paper cord seat, designed by Hans Wegner at the same time as his famous Wishbone chair. The CH23 is part of a set of four chairs that Wegner designed as his first collection for Carl Hansen, and was the best seller when the chairs were first released. It has been out of production since the 1960s but relaunched again by Carl Hansen in 2017.

The CH23 is an armless dining chair that has a cover-cap detail where the backrest meets the frame. The chair can be specified in contrasting wood (oak/walnut) to make the detail stand out more. The seat is double woven from papercord in a process that takes an experienced weaver 1.5 hours, which makes the seat extremely durable.

DIMENSIONS

50.3w x 50.3d x 44.5/78.6cmh

MATERIALS

The CH23 chair is made from solid wood and is available in oak (soap, lacquer, oil, white oil or painted black finish), walnut (lacquer or oil) or in a combination of oak and walnut (clear lacquer or oil). Paper cord seat in natural or black.

Cushion upholstered in a wide range of Loke leather options. The golden brown (7050), dark brown (7150) or brown (7748) are reversible. See downloadable leather pdf sheet for details and images.
