DESCRIPTION

CH417 Tray table by **Hans Wegner** for **Carl Hansen & Son**.

Hans Wegner's Tray table, designed in 1970, is a multi-functional coffee or side table with a removable tabletop that functions as a tray. The removable tray stands on a simple and elegant metal frame that can be folded away when not in use.

In addition, the tabletop tray is reversible, with a different finish on each side.

DIMENSIONS

62dia x 33cmh

MATERIALS

Tabletop edge in solid oak available only in the oiled finish for the laminate version, and in both lacquered and oiled finish for oak veneer version. Tabletop available in reversible white/black laminate, or smoked/natural oak veneer.

The round tray has a single notch which serves as a handle and enables the tray to be lifted on and off the frame easily. Both table top finishes have a rim made of oak with a smoked oak strip for the handle.
