

CH88P Dining Chair

Designer: **Hans Wegner**

Manufacturer: **Carl Hansen and Son**

£630

DESCRIPTION

CH88P dining chair by Hans Wegner for Carl Hansen & Son.

To mark the 100th anniversary of Hans J. Wegner's birth, Carl Hansen & Son launched Wegner's CH88 chair - a 1955 design that had, to date, existed only as a prototype.

The CH88 is a versatile chair both in terms of its appearance and usability thanks to its numerous finish, frame, and room placement options.

Characteristically, the upper structure features a steam-bent wooden backrest for back support, with slight curvatures of the backrest's ends providing a natural resting place for the arms.

Please see 'related products' for the non-upholstered model.

Please note: Price shown for the stainless steel frame. Chrome and coloured powder coated frame finishes are also available - please enquire for further information and pricing

DIMENSIONS

57w x 44.5d x 44.5/76.5cmh

MATERIALS

The steel frame, with straight back legs, supports an oval-shaped wooden seat. This blend of materials, combined with a minimalist design, results in a light, organic, industrial expression. And the new, stackable design offers a valuable benefit.

The CH88 is available in beech and oak in lacquer, oil, white oil, soap or CHS colours. When painted Oak has a clearly visible wood structure; Beech has a minimal structure. Oak is only available in black. Beech available in all CHS colours.

The seat is made from CMHR flame retardant cold foam available upholstered in a variety of Carl Hansen fabrics or leathers. See downloadable specification sheet for details of the relevant **Kvadrat** and **Gabriel** fabric collections.

Please note that the following colours for Molly are **not** available for upholstery: 0110, 0160, 0170, 0190.

Crafted from FSC certified materials.
