Manufacturer: **Case Furniture**

DESCRIPTION

Spindle Rug by **Eleanor Pritchard** for **Case Furniture** .

The Spindle Rug, with its large-scale design, was conceived by Eleanor Pritchard in London and handwoven by artisans in India. The pattern is pleasantly simple and is made from a sequence of small and large blocks, complete with a fine accent line crossing their centre.

The contemporary design takes inspiration from architectural detailing and the vertical line of yarn on a drop spindle, hence the rug's name.

You can choose from two sizes and colourways in a flat-weave finish.
