DESCRIPTION

Tanso round table by **David Irwin** for **Case Furniture**.

Elevate your outdoor area with the teak Tanso outdoor dining range designed by David Irwin, inspired by the simplicity of Japanese design.

The Tanso collection is well-crafted and built to last, giving it qualities to survive outdoors. It is weather-resistant and has a design also fit for use inside the home.

DIMENSIONS

146dia x 73cmh

MATERIALS

Grade-A teak, weather resistant for outdoor use.

Teak is a durable timber with a high oil and resin content, meaning that it requires little amounts of care to keep

looking its best. Over time the teak will start to change colour going from a rich golden colour to silver-grey. This is naturally how the timber ages in sunlight and weathering.
