

Slot Shelving Double

Designer: **Terence Woodgate**

Manufacturer: **Case Furniture**

£1,230

DESCRIPTION

Slot Shelving Double by **Terence Woodgate** for **Case Furniture**.

Slot is an adjustable shelving system with simplicity at its heart. Designed by the award-winning British designer Terence Woodgate, the wall-mounted unit is thoughtfully designed with a clean, uncluttered aesthetic, achieved by placing the vertical supports slightly apart from the wall. This arrangement allows the shelves to be securely fixed to hidden slots, creating a seamless, integrated look.

This adaptable shelving system is available with two shelf widths, two colours and a height adjustment of 25mm, allowing it to be customised to suit its space. The double unit can use both shelf widths to create an asymmetric appearance.

Slot was awarded the Design Guild Mark 2023.

Also available as a single shelved unit. Please see 'related products' below.
