

511 Ventaglio Dining Table

Designer: **Charlotte Perriand**

Manufacturer: **Cassina**

£9,900

DESCRIPTION

511 Ventaglio dining table by Charlotte Perriand for Cassina.

The special configuration of the top and the leg placement allow dynamic and flexible table usage by a greater number of people with respect to a traditional configuration.

Designed in 1972 for her chalet in Méribel, the shape of this revolutionary table makes it radically different from all others. The unusual design is based on the placement of boards, partly aligned and partly in a delta wing pattern, combining the individual components so as to produce a structure of unexpected versatility. Resulting in a table that adapts to new uses free of formal limitations.

DIMENSIONS

157w x 235d x 73cmh

MATERIALS

Cassina dining table in natural or black stained oak. The table top is made up of 14 pieces and the base has 3 legs.
