DESCRIPTION

Chouchin Reverse Pendant by **Ionna Vautrin** for **Foscarini**.

Named after the Japanese word for the traditional paper and bamboo lantern, Chouchin is a collection of modern suspension lights made of blown glass of various shapes, sizes and colours.

Following the success of the coloured glass Chouchin range, Foscarini has added Chouchin Reverse: a set of three differently shaped shades which invert the colours of the standard Chouchin range with a white glass diffuser and a coloured collar.

Available in three different models: Chouchin Reverse 1 has an orange glass collar at the base of the shade, Chouchin Reverse 2 has a green/grey collar at the base of the shade and Chouchin Reverse 3 has a grey collar at the base of the shade.

The white glass shade emits a soft yet strong diffused light and a direct downlight. Can be used singly or in series to great effect. Chouchin Reverse can also be combined with standard Chouchin for a contrasting effect.

Supplied with 340cm cable and white ceiling rose as standard. Longer cable available as an option to give a 10m drop.

A **multiple canopy** is available (accommodating up to 6 suspension lamps). Please **enquire** for more information and prices.
