

Collector coffee table

Designer: **Barber Osgerby**

Manufacturer: **Glas Italia**

£2,692

DESCRIPTION

Collector glass coffee table by **Barber Osgerby** for **Glas Italia**.

Glas Italia has enlisted a roster of internationally renowned designers to create striking new furniture that marries progressive design with a heritage and tradition of master craftsmanship in glass.

The Collector range designed by Barber Osgerby consists of five different glass vitrines: two low glass tables and three taller glass sideboard cabinets.

The family of units provides a practical and elegant yet neutral setting for objects to be displayed. "One of the reasons we did the Collector series is that we both now have such quantities of junk that we need something to put them in," the designers observe.

Cases are accessed via a pull-out door.

Available in rectangular and square configurations, each 34cm in height.

DIMENSIONS

Rectangular: 130w x 70d x 34cmh

Square: 110w x 110d x 34cmh

MATERIALS

Collector tables have a base of solid open-pore black-lacquered ash.

Tops and sides are of extra-light 8mm transparent glass with curved profile corner.
