

Coordinates Wall Lamp

Designer: **Michael Anastassiades**

Manufacturer: **Flos**

£541.67

DESCRIPTION

Coordinates Wall Lamp by **Michael Anastassiades** for **Flos**.

These wall lights are the newest addition to the Coordinates family, complimenting the already well-known collection of suspension and surface-mounted chandeliers. The wall rose and body of the wall lamp is crafted from aluminium, with a subtle champagne anodized finish, and illuminated with an integrated LED light source.

Michael Anastassiades was initially commissioned to design the Coordinates wall light for the historic, Four Seasons dining room in New York. Released in 2020, the light combines extruded aluminium with optical silicone diffusers.

The Coordinates wall lamp can be installed either horizontally or vertically and is also compatible with a dimmer switch to allow for accent or mood lighting.

Coordinates is a lighting system consisting of horizontal and vertical elements that form illuminated grid-like structures of various complexities. The system can be easily adapted for different environments of varying scale.

The Wall lamp is available in two styles, W1 or W2.

DIMENSIONS

W1: 80w x 9cmh

W2: 40w x 80cmh

MATERIALS
