

FM Table Lamp

Manufacturer: **Davide Groppi**

£485

DESCRIPTION

FM Table Lamp by **Davide Groppi**.

Drawing inspiration from antennas, the FM light is a sculptural table lamp with a conceptual narrative; Davide Groppi elevates the mundane object, viewing antennas as enigmatic, unequivocal, and inherently beautiful in their simplicity that speaks solely to their functionality.

Comprising three components - a cylindrical base, a protruding antenna, and a small adjustable lampshade - the minimalist silhouette allows you to tailor the light focus according to your preference.

Please note, the price listed is for an individual light with charging cable. The power supply is not included and can be bought for a surcharge. Please **enquire** for details.

DIMENSIONS

Base: 5.8dia x 10.8cmhh

Height: 19.7cmh
