

## Vis à Vis

Manufacturer: **Davide Groppi**

£453

## DESCRIPTION

**Vis à Vis Table Lamp** by **Davide Groppi**.

A decade after the release of their first battery-powered lamp, Davide Groppi has designed vis à vis - a distinctive and ethereal table lamp. Seeking to focus solely on the light, they've opted for a transparent material and a cord-free design, resulting in a genuinely minimalist aesthetic for the lamp.

The light features a magnetic head that connects to the translucent stem and a transparent disc with a refractive impact.
