

Biny Spotlight

Designer: **Jacques Biny**

Manufacturer: **DCW Editions**

£200

DESCRIPTION

Biny Spotlight by **Jacques Biny** for **DCW éditions**.

Drawing inspiration from 1950s modernist design, the Biny spotlight has a distinctively industrial aesthetic. Designed in 2018 with an original ball joint, the wall-mountable spotlight can be rotated through 330° with an up or down arc of 88°. This allows a beam of light to be focused on a chosen area with ease.

Available hardwired or with a switch on the base of the light. An optional stick is available for easy orientation of the light.

Two light sources available: integrated LED light source, or GU10 bulb fitting for dimmable light (bulb not included). For technical specifications, please refer to the downloadable specifications sheet in 'Product downloads'.

Light source:

Bulb: Max. 4.5W GU10 240V (dimmable, not included).

LED: CLI integrated 4.5W LED (Not dimmable).

DIMENSIONS

9.6w x 13.2/19.8d x 15.4cmh

MATERIALS

The wall plate and body is available in powder-coated black or polished nickel.

The removable body cover is available in powder-coated black, polished nickel, or gold anodized.

Stick option only available with nickel finish.

Light source (integrated): 110 - 240V, 4.5W, CLI, IP20, 2700K, 450lm.
