

Focus Chandelier

Designer: **Yuji Okitsu**

Manufacturer: **DCW Editions**

£2,804

DESCRIPTION

Focus Chandelier by **Yuji Okitsu** for **DCW éditions**.

Designed by Japanese designer Yuji Okitsu, DCW Editions' Focus collection showcases a composition of mobile lenses delicately poised atop one another, allowing for rotational movement to scatter light in every direction. These sleek and light lenses, made of transparent PMMA, encase the LED sources. They elegantly affix to aluminium frameworks suspended from the ceiling, resembling a mobile art piece.

This lighting fixture possesses a poetic and ethereal quality, dynamically engaging with its environment to continuously shape the space. The lenses fracture the surroundings, creating a captivating "distorting" effect. With their ability to capture, gather, and diffuse natural ambient light from all angles, the various lenses form a mesmerizing interplay.

The Focus fixture gracefully sways and rotates in response to surrounding air currents, capable of transforming into diverse configurations. Once illuminated, these discs emanate a unique and exceptional lighting ambience. The appearance of Focus evokes the gentle, drifting presence of soap bubbles in the expanse of space.

DIMENSIONS

Focus X3: 99.8 x 36.4cmh

Focus X4: 131 x 72.3cmh

Focus X5: 160.8 x 131cmh

The Focus X4 is suitable for ceilings with a minimum height of 2.5m. The Focus X3 and Focus X5 are suitable for a minimum ceiling height of 3m.

MATERIALS

Made from aluminium and PMMA. Aluminium frame available in black or white colour.

Focus X3:

220-240V, 20.4W

CL II, IP20, Integrated LED

2700K – 2040 lm (nominal value)

Integrated driver – 24V – 1000mA

Dimmable: Yes, Triac

Switch : No

Suspension cable length : 3m

Weight : 3.3 kg

Focus X4:

220-240V, 23.85W

CL II, IP20, Integrated LED

2700K – 2385 lm (nominal value)

Integrated driver - 24V – 1250mA

Dimmable: Yes, Triac

Switch : No

Suspension cables : 3m

Weight : 3.3 kg

Focus X5:

220-240V – 31.8W

CL II – IP20 – Integrated LED

2700K – 3180 lm (nominal value)

Integrated driver – 24V – 1500mA

Dimmable: Yes, Triac

Switch : No

Suspension cables : 3m

Weight : 4.2 kg
