DESCRIPTION

Discovery Pendant by **Ernesto Gismondi** for **Artemide**.

The Discovery pendant is a lightweight and minimalist suspension light that utilises LED technology to great effect. The aluminium outer ring hosts an LED strip and acts as a frame for a clear PMMA surface.

When the light is off, the surface is clear and barely perceptible. When the light is switched on, the surface becomes brightly translucent, diffusing light upwards and downwards in an even manner.

The light can be controlled by push or by the Artemide app.
