DESCRIPTION

Groove Coffee Table by **Christian Troels** and for **DK3**.

Crafted to highlight the inherent beauty of solid wood, the Groove Coffee Table showcases a striking silhouette enriched with meticulous, sophisticated embellishments.

The handsome tabletop, embellished with grooved edges encompassing its entire periphery, is elegantly lifted by conical-turned wooden legs. This intricate detailing is achieved using a custom-made milling head, a unique tool created by the designer to create the widely celebrated table.

The table is offered in three different diameters (60, 80, and 120 cm) and three varying heights (30, 37.5, and 45 cm), lending a versatile quality to its design. It can be used individually or in groups of different heights and sizes, allowing for creative configurations with portions of tabletops overlapping.
