

Pia Chair

Designer: **Poul Cadovius**

Manufacturer: **DK3**

£950

DESCRIPTION

Pia Chair by **Poul Cadovius** for **DK3**.

The classic Pia chair from 1959 is an exercise in reduction by the eminent Danish designer, Poul Cadovius. The frame is tapered to its extremities and structurally designed to remove the need for stretchers to reduce physical weight and create a visually light outline. A formed plywood back provides depth and comfort, again with minimal use of material.

Whilst modern in material and form, the seat returns to hands-on craftsmanship with woven paper cord. The Pia represents a dynamic and enduring seating design with a distinct personality.

DIMENSIONS

48w x 49d x 45/75cmh

MATERIALS

Solid wood frame available in: oiled oak, white oiled oak, soaped oak, black lacquered oak, smoked or European walnut.

Handwoven papercord seat in natural or black.
