Royal System - Shelving

Designer: **Poul Cadovius**

Manufacturer: **DK3**

~~Was £404~~ Now £343

DESCRIPTION

Royal System Shelves by **Poul Cadovius** for **DK3**.

The Royal System was conceived by the Danish designer in 1948. Recognised with a Gold Medal at the Finland Furniture Fair in 1950 and silver at Milan Triennale, the system set a benchmark for wall storage design.

One of the first wall-hung storage systems, its graceful styling and the fact it can be configured in many different combinations made it a success. Available in oak or walnut, the system is produced to exacting standards and offers great flexibility to extend or reconfigure.

Please note; pricing example is for **shelves only**. Please view the product range below for rails, shelves and work station units to complete the system. Pdf pricelist of the entire Royal System range available in Product downloads.

Shelves are sold individually, each supplied with a set of two hangers.

If you require any assistance designing your shelving system please either **contact us** or use the Royal System configurator **here**.
