DESCRIPTION

Filigrana T6 Table Light by Sebastian Wrong for Established + Sons.

The Filigrana collection draws upon the rich legacy of Venetian glass blowing, fusing a centuries-old Murano technique with a contemporary style, resulting in a table lamp with beautiful coloured stripes.

Designed by Sebastian Wrong for Established & Sons, the Filigrana T6 Table Light embodies a fusion of classic artisanship, technical expertise, and present-day aesthetics. Every light is an individual piece, owing to the meticulous mouth-blown crafting process executed by highly skilled artisans. The lamp's surface undergoes acid etching, producing a gentle, dispersed illumination.
