**Ex-display items have some signs of use and we recommend a detailed condition report prior to purchase.**

*This item is a one-off ex-display item to be sold on a first order, first served basis.*

"The slightly spiral, candy cane effect evokes childhood and memory. So I have applied this to core basic shapes with very little design around it. Each light is unique because of the way it is made. It's a celebration of colour and technique." *Sebastian Wrong.*

The Filigrana T2 table light blends age-old manufacturing techniques with a contemporary sensibility, resulting in a wholly individual design. The design features acid-etched hand-blown glass, silicone, acrylic and steel fixings, powder-coated aluminium base.

Made by hand in a centuries-old process, coloured strips of rolled glass are added to the already molten glass of the shade before being blown. This intricate process results in a candy-cane effect through the glass, with a filigree of colour set against an acid-etched matt opal background. The great care and attention that goes into each light ensure that each is truly unique.

## DIMENSIONS
