

Fauteuil A56 chair

Designer: **Xavier and Jean Pauchard**

Manufacturer: **Tolix**

£777

DESCRIPTION

Fauteuil A56 chair by Jean Pauchard for Tolix.

The Fauteuil A56 outdoor chair is designed by Jean Pauchard, son of Xavier Pauchard (designer of the Chaise A Tolix chair). Crafted from sheet steel, this classic chair is solid, light and easy to maintain.

Xavier Pauchard was an early pioneer of galvanisation in France. In 1927 he registered the trademark Tolix, when he began the production of chairs, stools and metal furniture.

The chair is also stackable for easy storage.

Please note: Minimum order requirement of 6 applies to this product.

DIMENSIONS

45w x 51d x 74cmh

MATERIALS

This version which is made from stainless steel is designed specifically for use outside.

Available in the following finishes: painted (gloss and matt), and raw varnished steel.

Chairs in raw steel finish will have visible solder joints. Painted gloss is a high shine and reflective finish. Matt painted finish gives the chair an understated appearance.

Please refer to downloadable PDF for all finish and colour references.
