

Catena Modular Sofa

Manufacturer: **Ferm Living**

£4,963

DESCRIPTION

Catena Modular Sofa by Ferm Living.

The Catena sofa from Ferm Living brings bean-bag style comfort with generously dimensioned sofa modules for quality relaxation and cosiness. The low height sofa is inspired by the catenary curve, a u-like shape that a chain or cable adopts when supported only at its ends, and which is mirrored in the soft curves and top-stitched seams of the Catena sofa.

The microcellular foam ensures durability without compromising comfort. The series features six individual modules which can be combined in different configurations suited to your needs.

The sofa is available in six different fabric colours and three pre-configured combinations. Please enquire if you are interested in other configurations.

Please note: Available for shipping to the EU, EEA and UK only.

DIMENSIONS

Combination 1: 335w x 95d x 42/76cmh

Combination 2: 411w x 95d x 42/76cmh

Combination 3: 435w x 95d x 42/76cmh

MATERIALS

Inner plywood structure. High-density cold foam covered with soft down padding for extra comfort. The construction ensures excellent comfort, low distortion, high resistance to tears and tensile force, as well as outstanding breathability. Black polypropylene feet

The Catena modular sofa is available in a range of fabrics, please see the downloadable pdf for more information:
