DESCRIPTION

FK63 Deep Cabinet by **Preben Fabricius and Jørgen Kastholm** for **Carl Hansen + Son**.

The FK63 Deep Cabinet embodies Carl Hansen + Son's exquisite craftsmanship and design expertise. The FK63 system has been designed as a flexible storage system where different modules can be combined in a number of ways to suit any space.

Originally designed in 1963, the FK63 Deep Cabinet is a functional minimalist design focused on proportion, handcrafted details and natural materials. The FK63 system has been crafted in FSC™-certified (FSC C135991) solid oak, oiled to accentuate the texture and grain of the wood.

Please note: Prices shown are for the **Cabinet illustrated in the first image**. Various shelves and trays are available against a surcharge. Please **enquire** for details.
