

Flash Cable Light

Designer: **Davide Groppi**

Manufacturer: **Davide Groppi**

£1,740.83

DESCRIPTION

Flash Cable Light by **Davide Groppi**.

The Flash is a 9mm wide stainless steel tape providing direct and dimmable light from wall to wall. This new concept of lighting dematerialises the object to leave the emphasis on the light and its surroundings rather than the lamp itself.

Ideal for spaces with high ceilings, the Flash blends equally in private and commercial spaces thanks to its reach that ranges from 6 to 12 metres. The tape can be spliced to the required length. **Please note** that the tape can only be cut once, so precise measurement is required.

For a span greater than 6.4 metres, the 12-metre tape will be required.

Price includes a ceiling installation kit, spacer and the driver with plug-in matt black. Dimmable, with dimmer on cable.

DIMENSIONS

600w x 0.9cmh
1200w x 0.9cmh

MATERIALS

Stainless steel.

Specifications:

2700K 24 V DC LED 60/120 W
