

Flo Europost, 1999

Designer: **Karim Rashid**

Manufacturer: **Offecct**

£247

DESCRIPTION

Flo Europost designed by **Karim Rashid** for **Offecct**.

The Soundwave series of sculptural wall panels combines functionality and aesthetics and is specifically designed to enhance the acoustic properties of any interior used for human communication and social interaction. While most acoustic products are concealed in the fabric of the interior, Soundwave resembles 3D wallpaper.

Flo is designed to be used as lightweight sound absorbers in the upper-frequency range (500 Hz and above). These panels help reduce disturbing reflections of environmental sounds such as voices, telephones etc.

This version covered in Europost wool fabric is available to order in a **minimum quantity of 12 in total**.

For colour codes please see the product download 'Europost colours'.

DIMENSIONS

58.5w x 8d x 58.5cmh

MATERIALS

Recyclable moulded polyester fibre in anthracite, grey, off-white and Fuchsia, alt. upholstered in Europost from Gabriel.
