

Taraxacum 88 C/W, 1988

Designer: **Achille Castiglioni**

Manufacturer: **Flos**

~~Was £1,240~~ Now £1,054

DESCRIPTION

Taraxacum 88 C/W light by Achille Castiglioni for Flos.

The Taraxacum C/W Ceiling / Wall Lamp was created by Achille Castiglioni. A central part of the progression of industrial product design since the 40s. Managing to be a striking and futuristic design all at once, the incandescence of this lamp is enhanced by the chromium-plated polished metal that stands at the core of the unit and behind each bulb. Equipped with an external dimmer, it offers a great deal of light when you need it, but also the option of a subtle ambience when required.

Standing 31cm high, it has a diameter of 61cm, making this Taraxacum C/W Ceiling / Wall Lamp a compact unit that packs a punch when it comes to adding light and atmosphere to your living spaces. The unit is also lightweight making it easy to work with during installation and easy to place elsewhere when required.

DIMENSIONS

61dia x 31cmh

MATERIALS

Wall or ceiling fitting with a structure formed from 5 pressed polished aluminium triangles, with 15 clear Globolux lamps housed around the structure.

Bulbs: 15 x max 3W LED E27 dimmable (not included).

IP20.
