

## Tab F floor light, 2011

Designer: **Barber Osgerby**

Manufacturer: **Flos**

£380

## DESCRIPTION

**Tab F floor light** by **Barber Osgerby** for **Flos**.

The Tab light refines the floor light to its basic elements, featuring a simple, folded aluminium shade with a ceramic reflector which lends a warm quality to the light issued and prevents glare from the end of the shade.

Barber Osgerby describe the design concept for the Tab lamp as 'a simple folded form, creating a visually pure shade that translates into a desk and floor lamp.'

Tab's adjustable head can be rotated to adjust the direction of the light, either focusing in on a particular area or activity, or angling towards a wall to provide reflected ambient light.

The Tab Floor light is also available as a table lamp: see 'More products in this range' below.

Integrated LED light source, 14W 2700K CRI90.

Quickship available for the matt blue finish only.

## DIMENSIONS

27.3w x 24d x 110cmh

## MATERIALS

Die-cast aluminium head, joints and base, porcelain reflector.  
Available in gloss white, gloss black, matt blue and matt dark green.
