DESCRIPTION

String Light Cone pendant light by Michael Anastassiades for Flos.

'When I sit on a train travelling, I always see these strings of electricity out of the window. It's so beautiful and poetic in the way they connect the pylons but at the same time, they divide the landscape. I wanted to translate this into interior architecture.' Michael Anastassiades.

Inspired by these essential structures on our landscape, Michael Anastassiades interprets their spirit for indoor use.
